- b. The Fitness Report will be used to record such evaluations periodically. It will consist of a two-part form, designed to provide a means of evaluating the productivity and the potential of employees:
- (1) Form No. 45: Fitness Report (Performance - Part I) will be used to provide the supervisor with a means of evaluating the productivity of the employee being rated. This part of the Fitness Report will be completed in all cases in which a report is required, and will be shown to the individual being rated at the time it is completed except that the supervisor may elect not to show the Report, other than a Report supporting an adverse action, when one or more of the following conditions prevail:
- (a) When there exists unusual operational circumstances such as those at a small station where the rater and individual being evaluated are working and living in very close proximity and constant social interchange between them is necessary;
 - (b) When, for medical or psychological reasons, it would be ill-advised to show the individual the report;
 - (c) When security considerations preclude showing the report;
 - (d) When the supervisor and individual being rated are so physically separated that it is impractical to show the report.

the reasons for his action in Section B of Part I. The individual may subsequently be shown the report by the head of his Career Service upon request, security considerations permitting.

- (2) Form No. 45: Fitness Report (Potential - Part II) will be used to provide supervisors with a means of evaluating the potential and work environment characteristics of the employee being rated. This part will not be shown to the individual being evaluated.

the supervisor with respect to taking such action. His signature on the Report signifies agreement with the ratings unless otherwise noted.

b. DEPUTY DIRECTORS

The Deputy Directors are responsible for ensuring that Fitness Reports for all employees under their jurisdiction are prepared and transmitted in accordance with the provisions of this regulation.

c. THE DIRECTOR OF PERSONNEL

The Director of Personnel is responsible for administering the provisions of this regulation; for providing assistance and guidance to supervisors at all levels; and for reviewing the overall effectiveness of this evaluation program.

4. TYPES OF FITNESS REPORTS

a. INITIAL REPORTS

Form No. 45, Fitness Report (Performance - Part I) and (Potential - Part II) will be prepared for each employee, as of nine months after his entrance on duty with the Agency. This report is of particular importance for selection purposes in providing a record of the supervisor's evaluation of the individual before completion of the twelve-month trial period. Preparation of the Report by the current supervisor is required regardless of the length of time the employee has been under his jurisdiction. The current supervisor may request advice and information regarding any point covered by the Report from others who have

supervised the individual during the period covered. Normally, the Fitness Report must be completed and forwarded not more than 15 days after the indicated due date. Submission of a Report may be delayed, however, for a period not to exceed 30 days beyond the due date in order to provide the supervisor with additional time to evaluate an employee who has been under his jurisdiction for a period of less than 90 days as of the due date of the Report.

b. ANNUAL REPORT

A Fitness Report (Performance - Part I) and (Potential - Part II) will be prepared for each employee twelve months following the completion of the employee's first nine months of service and annually thereafter. The current supervisor will defer the completion and submission of an annual Report until the individual being rated has been under his jurisdiction for a period of 90 days, in order to adequately evaluate the employee.

c. REASSIGNMENT REPORTS

(1) Reassignment on Departure of Supervisor

A supervisor who is to be reassigned or who is leaving the Agency will prepare Fitness Reports (Performance - Part I) on employees under his immediate supervision before his departure. If the supervisor is being separated for cause, however, such report will be prepared by the supervisor next higher in authority. Such reports are not required for any employee on whom a Report was completed within the previous 90 days.

(2) Proposed Reassignment of Employees Between Offices

A Fitness Report (Performance - Part I) will accompany the Standard Form 52: Request for Personnel Action, requesting the reassignment of an employee between jurisdictions of Operating Officials* except when a report has been prepared for some other purpose within the preceding 90 days. The Report in these cases must be considered by the requesting office prior to initiating the Standard Form 52 and will be used by the Office of Personnel as a guide in considering approval of the proposed reassignment. Except in unusual cases the Office of Personnel will not approve a proposed reassignment unless such a report is of record.

(3) Reassignment of Employee Within Areas of Jurisdiction of Operating Officials

A Fitness Report (Performance - Part I) and Standard Form 52 will be prepared when an employee is reassigned within the areas of jurisdiction of an Operating Official except when a report has been prepared within the previous 90 days. However, such a report will not be required if the reassignment involves neither a change of supervisors nor a significant change in the duties of the employee.

*Operating Officials include: Chiefs of Senior Staffs and Area Divisions under the jurisdiction of the Deputy Director (Plans); Assistant Directors under the jurisdiction of the Deputy Director (Intelligence); and Chiefs of Staffs, the Comptroller, the General Counsel, and Directors of Offices under the jurisdiction of the Deputy Director (Support).

- b.
